Update on Cognos

Tamara Anton

COGNOS

- Plagued by minor setbacks
 1. Rebuilt Cognos environment
 2. Limited data in Cognos environment
 - Currently finishing 2nd major scope of work to add additional data
 - Anticipating several more scopes of work to finish adding data
 - Finet Data now in Cognos – Depreciation tracking
 3. Security
- Report release – approx. October 1, 2016
- Testing team – test reports prior to release

COGNOS

- Security

1. Fleet Security Lookup Document

- Document will be updated for each user that requests access
- Detailed procedures document developed by Fleet and DTS

Update on “On Demand Motor Pool”

Jeff Mottishaw

“On Demand” Motor Pool

– What is it?

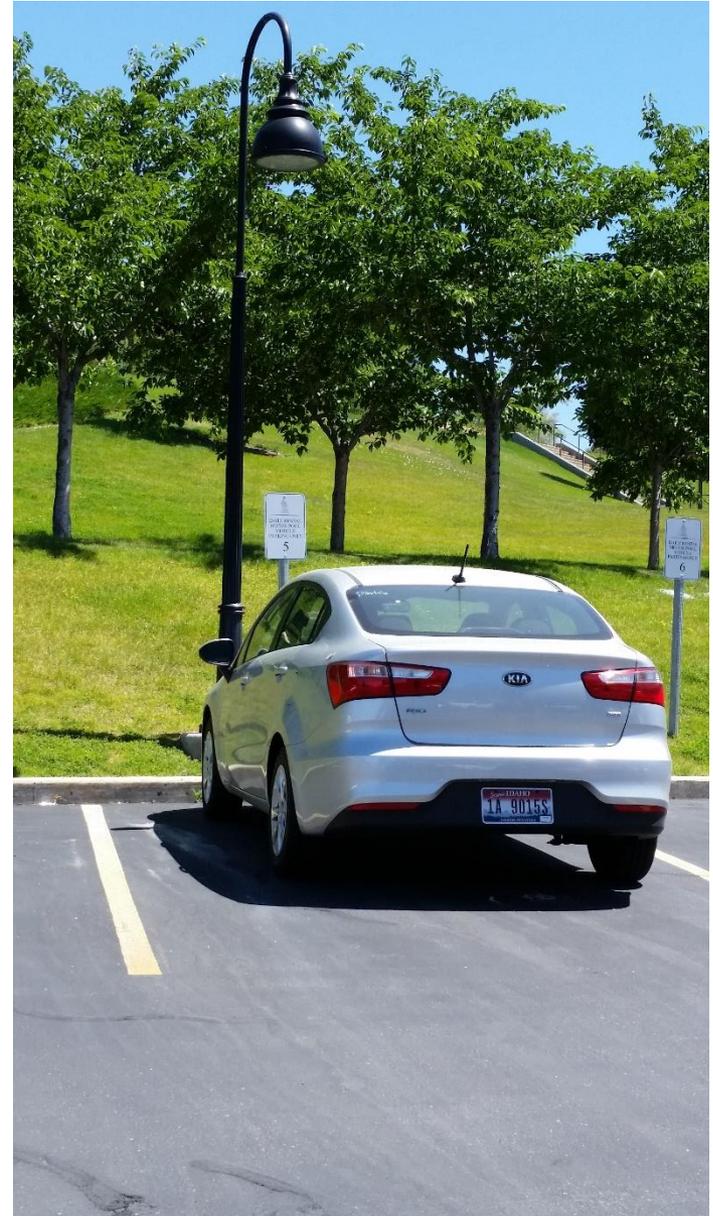

- Internal Motor Pool Replacement
- Elastic (grows and shrinks with user need)
- Provided by Enterprise Rental

“On Demand” Motor Pool

– Up and Running Locations

- Multi Agency State Office Building
- Capitol Hill
- UDOT – Region IV (Richfield)

“On Demand” Motor Pool

- In Process
 - UDOT – Admin Building (Calvin Rampton)
 - UDOT – Region II
- If your agency is interested in analyzing the potential benefit of this program at your location please contact Eric Gardner.

Update on RFP

Jeff Mottishaw

RFP

- 7/6/15 - Phase I Prequalification of Vendors
 - 6 Vendors were prequalified
- 9/16/15 - Phase II In-person Q and A
- 10/9/15 - Phase III Technical Response
- 12/7/15 - Phase IV Oral Presentations
- 1/17/16 - Phase V Cost
 - 2 Vendors progressed to Phase V
- 3/28/16 - Awarded
 - Wheels, Inc.
- Working on the Ts and Cs of the Contract

RFP – What does this mean to me?

- Quite a bit, but not really that much
- Quite a bit
 - Fleet Operations is working to reduce the cost of vehicle acquisition.
 - Catch up the back log of replacements sooner.
 - Reduce the vehicle lifecycle.
- Not really that much
 - Fleet Operations will still work with the Agency to supply the vehicle.
 - Agency will still receive all the same services.

Favorites and Screen Menu

The screenshot displays the 'Enterprise Portal' window. On the left, there are two panels: 'Favorite Screens' and 'Screen History'. The 'Favorite Screens' panel contains 'Fleet Equipment' and 'Motor Pool Center'. The 'Screen History' panel, sorted by 'Most Recent', lists 'Fleet Equipment', 'Departments', 'Motor Pool Center', 'Table Management', 'End of Period', and 'Call Center'. On the right, a search bar is positioned above a scrollable list of menu items, each preceded by a plus sign in a square box. The menu items include: Equipment Units, Equipment Activity, Equipment Management, Shop Activity, Production Planning, Call Center, Parts Items, Parts Activity, Enterprise Purchasing, Parts Repair, Warranty, Purchasing, Procurement, Data Capture, General Import, Fuel/Fluid Tanks, Fuel/Fluid Activity, Operations, Incident Management, and System Mgmt. At the bottom of the window, there are two buttons: 'Clear History' and 'Windows'.

Update on Rule Changes

Jeff Mottishaw

Rule Changes

- Was a delay in the filing. The filing will be July 1, 2016
- Changes to the rules affect the Take home / Commute privilege.
 - Clarification on the difference between Take Home and Commute.
 - Underutilization removal recommendation appeals will be heard by GOMB instead of DAS.

Division of
**Fleet
Operations**
SERVICES ELEVATED

New Projects

Jeff Mottishaw

Capitol Hill eBike Pilot

- Starting in April 2016, two electric pedal assist bicycles were added to the State's Fleet on Capitol Hill.
- So far to date the following has occurred:
 - 38 rentals (26 for work and 12 for leisure)
 - 83 signed release and demo'd the bicycles.
- Interest has been shown by other Departments off the Hill to expand the pilot to other locations.

Capitol Hill eBike Pilot Expansion

- Agriculture, Health, Human Services and Environmental Quality

Fleet Operations New Website

The World's Worst Website

Gratuitous use of frames is a common mistake of web designers.

Many browsers do not support frames. They disrupt the flow of the website and can be difficult to anticipate where a page may appear when a link is clicked.

If you must use frames, use the tag `<base target="_blank">` between `<head>` and `</head>` to assure links will open in a new window.

Check out these links to websites whose opinions about frames is self evident:

[The "I Hate Frames" Frames Page](#)

[Another I Hate Frames Page](#)

[The International I Hate Frames Club](#)

[Why Frames Suck \(Most of the Time\)](#)

Welcome to the World's Worst Website!

This web was designed to graphically demonstrate the most common mistakes made by new Web Page designers.

Where am I and where are the links to other pages?

An easy to use navigation structure is essential to any well designed website! Important information should never be more than 2 clicks away.

As you can see, this text is difficult to read. There needs to be more contrast between the background color and the text color. [Here's another example](#) of a poor choice of a background, text color and size.

Keep your backgrounds simple. White or light colors usually work best. Your background should not compete with the content of the page for the users attention. If you would like to use a background picture, select a picture that uses muted colors or format your picture as a watermark. Select text colors which will contrast well with the background picture.

Constantly running animations can be distracting when used excessively. There should be no more than one animated object in your view at any time. Also in this category are excessive, large, flashing & obnoxious advertisements.

Fleet Operations New Website

- Move away from Joomla (per DTS).
- Designer build the structure.
- Fleet Operations input the content.
- What do you need?
 - Send website requests to Amanda Ronan
- July – August for new site to be up.
